

Alaska Infrastructure Symposium

REGIONAL PLANNING, GRANT TRAINING, AND WORKFORCE STRATEGY

Grant Preparation & Technical Assistance Training

Alaska Infrastructure Symposium

REGIONAL PLANNING, GRANT TRAINING, AND WORKFORCE STRATEGY

Welcome and Introductions

Goals

- Improve your organization's ability to find & respond to the most relevant federal grants
- Provide background of the technical aspects of infrastructure grants and what resources are available to complete necessary analyses
- Provide resources and tools for further development of your grant preparation capacity

Q&A: Federal Grant Project Management

Moderated by: Rachel Morse, United Way of Anchorage

- Aurah Landau, HDR
- Zoe Olson, The Foraker Group
- Joan Hermann, Alaska Project Solutions
- Jay Ford & Adam Quinlan, Tilson Technology Management, Inc.

Alaska Infrastructure Symposium

REGIONAL PLANNING, GRANT TRAINING, AND WORKFORCE STRATEGY

Q&A: Federal Grant Project Management

- How do you develop a project scope for a federal infrastructure grant proposal? Does this change for a planning versus construction grant?
- What kind of capacity do I need for multi-year projects? How do I build a project team?
- How do I handle unexpected changes during project implementation?
- What tools can I use to collect the data and information I need for reporting?
